

“Stand-alone topics” outline:

- ▶ Foldl, and how to model mathematical functions (Today and Wednesday)
- ▶ ~~Fixed-point iteration~~
- ▶ ~~The Huffman encoding~~
- ▶ Review for the final exam (Friday)

Outline for today (Monday and Wednesday):

- ▶ Go over test problems
- ▶ The foldr and foldl functions
- ▶ Modeling polynomials

For **Friday**:

Ex “7.14.(a–e)” on Schoology

(You’re ready for all of them except c)
